Introduction

East Sussex Community Voice in East Sussex

East Sussex Community Voice (ESCV) CIC was established in 2013 to deliver the Healthwatch East Sussex and to develop other projects to help the public have a say in the design, commissioning and delivery of public services in the county.

We are now a staff team of 13 supported by 29 volunteers. In addition to Healthwatch we host the East Sussex Voluntary, Community & Social Enterprise (VCSE) sector Alliance and delivery a number of other projects. We play a key role in enabling people to have their say on the design, commissioning and delivery of public services.

ESCV income comes from a variety of sources but primarily from the local authority and NHS organisations.

Our vision:

Listened-to communities bringing about positive change.

Our missions:

- Strengthen the voice of communities and contribute to effective decision-making
- Generate insight and messaging that support services to be effective and inclusive
- Be forward-thinking, optimistic change makers
- We are independent, impartial and accessible to all

We aim to be at the heart of the local community, embracing diversity in East Sussex. We engage broadly and involve local communities, special interest groups, voluntary organisations, support groups, and the wider public in partnership so that their views can lead to genuine improvements in local services.

Our role is to promote and support local people to be more involved in their own care and how services are planned and delivered. In support of this, we are involved in strategic planning of health and social care services.

The evidence and insight we gather from the public is shared with policy makers, commissioners and service providers to help inform how services are improved. We work in partnership with other organisations who share our passion for public engagement and reducing inequality. For more information on our work please visit our website www.ESCV.org.uk.

The Health and Social Care Act 2012 established local Healthwatch organisations to act as the 'consumer champion' for both health and social care, for adults and children. Local Healthwatch are supported by a national organisation, Healthwatch England, which raises issues at the national level. Healthwatch is funded from central government via East Sussex County Council but operates completely independently of statutory organisations.

The role of ESCV Board Members

Board Members are Non-Executive Directors of East Sussex Community Voice CIC under the Companies Act 2006. They set the strategy for the company and oversee the operational management of the organisation, led by the Chief Executive Officer, supported by a staff team and volunteers.

ESCV Board Members have a significant role to play in ensuring the company adheres to its principles, purpose and vision, legal constraints and duties, and operates in a moral and ethical way in the service of the local community. Specific responsibilities are outlined in the Role Description (see page 5).

Board Members have the opportunity to get involved in specific areas of activity. This ranges from engagement activities for finding out local people's views, to providing training, to drafting reports to influence service planners and providers.

Board Members are expected to spend a minimum of two days a month on Board matters, plus respond to emails and occasional evening meetings. Board Members are paid an allowance of £1,200 per annum and all reasonable out of pocket expenses are covered by the company.

The term of office will be for an initial period of 3 years and directors may serve two consecutive 3-year periods. The position of Board members' will be reviewed by the Board after serving two consecutive 3-year periods.

Who Might Make a Good Board Member?

We currently have five non-executive directors (including the Chair) and one Chief Executive Officer. They span a broad range of experiences, skills and backgrounds, but we remain interested in people who could bring valuable additional experience or insights to our Board. The existing members have established East Sussex Community Voice (ESCV) over the past twelve years and created a sound foundation for our operations.

Diversity

The Board would particularly welcome interest from people who would increase the diversity of the Board in one way or another. Successful candidates will be required to have sufficient knowledge and experience to be able to make a positive contribution to the Board and organisation.

In running ESCV, it is essential the Board ensures the organisation seeks out and represents the views of *all* people right across East Sussex as part of our mission and operations. This is enshrined in our <u>Equal Opportunities Policy.</u>

Application and Selection

If you are considering applying and would like and would like to speak to someone then please contact Bethia Murray or Veronica Kirwan 01323 403 590.
